## **Giolito product information – always up to date due to trustbox –**

Dear customers

In order to continue to be a strong sales partner for you, we have to face the growing demand regarding digitalisation. In this context, up-to-date and high-quality product data are indispensable.

Not only the legislature demands this in online trade, open sales or gastronomy, also the consumers have access to more products and offers online.

We have decided to make our product information always up-to-date and complete available online with trustbox from GS1 Switzerland. This ensures that our product data is always published and available everywhere.

### **How to access our product data?**

- 1) Direct product search on [www.trustbox.swiss](http://www.trustbox.swiss)
- 2) Download trustbox APP (for Android und IOS)

We hope that we have been able to simplify the administration of the product data for you and we will be happy to answer any questions you may have.

Best Regards

Giolito AG
